

## Getting YouTube Video's OFF YouTube

1. Find the YOUTUBE video you want. For example: <https://www.youtube.com/watch?v=l1bqLOq9qkk>
2. In the URL bar, add **SS** right between the **u** and the **y**

3. Move your cursor to the end of the URL and hit return.
4. You will be taken to a site [SaveFrom.net](http://www.savefrom.net)
5. You will be able to download the video from there.
6. DO NOT just hit the yellow Download Button, wait a moment and let the other options appear!!
7. Choose **MP4 360** is good, just pay attention to where you are saving on your computer.
8. This does not work on the iPd, has to be done from your computer.

A screenshot of the SaveFrom.net website interface. At the top, the logo 'savefrom.net' is displayed with the tagline 'We help to download files from many popular sites'. Below the logo is a navigation bar with links for 'Main page', 'For users', 'For webmasters', and 'Help'. The main content area features a search bar containing the URL 'http://youtube.com/watch?v=oz1Cz8ko8iY&list=PLJicmE8fK0Eh88ix1co6RG4pDcRjpaPj4'. To the right of the search bar is a yellow 'Download' button. Below the search bar is a section titled 'Information' with a video thumbnail on the left and metadata on the right: 'Title: The case of the vanishing honeybees - Emma Bryce', 'Duration: 03:47', and 'Source: youtube.com/watch?v=oz1Cz8ko8iY'. To the right of the 'Information' section is a 'Download links' section with a red box highlighting the 'MP4 360p' option, and another option 'MP4 720p' below it. Below these options are buttons for 'More', 'Subtitles', and 'Playlist'. At the bottom of the page, there is a recommendation: 'We recommend you to install [SaveFrom.net helper extension](#) to download from YouTube.com in 1 click.'
